 - The American Darters Association (ADA) Rules will apply and may be found at www.adadarters.com/adl/league-rules.html
 - **301 Rules** The game starts with players at 301 points. Straight start or any in begins the game. Game ends when a player reaches zero exactly by finishing on a single, double or triple, players may bull out. One, two or three darts constitutes one turn. The total score of each turn is subtracted from the total score. Exceeding a zero score (busting) ends the turn and requires the player go back to the score he or she had in the turn prior to busting. A bust counts as a full turn (three darts thrown).
 - **ADA "51 Rule"** will apply: No game of 301 shall exceed 51 darts thrown. Should a game reach 11 turns (33 darts by one player), play stops. Each member throws one dart for the bull's-eye. Closest dart to the bull's-eye is declared the winner.
 - **Starting Rules:** To start the first game, flip a coin to determine who throws one dart at the Bull's-Eye. Closest to the Bull's-Eye starts the first game. To start the second game, the loser of the first game throws first for the Bull's-Eye. Closest to the Bull's-Eye starts the second game. If the match goes to a third game, the loser of the coin-toss from the first game throws first for the Bull's-Eye. Closest to the Bull's-Eye starts game.

Scoring on the Electronic Dart Machine

- The score recorded by the machine is the score that the player receives. The players accept that the machine is always right.
- If there is any question to whether the machine is scoring or working properly, **STOP THE GAME**. Do not remove darts or activate the "Player Change". If the competitors cannot agree on how to resolve the issue, the KCCC Games Captains will intervene. If the situation cannot be resolved, play will be moved to an available board. Scores will then be re-entered up to the point of the discrepancy and play will continue.
- If a dart bounces off the board it is considered a dart thrown even if it does not score. It may not be thrown again.
- If a dart is thrown before the "Throw Darts" message lights, the dart will not score and is considered a dart thrown. It may not be thrown again.
