- **A team representative must pick up fishing bags and check-in sheets at packet pick-up. The pick-up runs in conjunction with the 5K and Half Marathon packet pick-ups so someone picking up 5K or Half Marathon packets can pick up the fishing equipment.**
- Check-in will begin at 5:30 am at Camp Branch Marina. Look for KCCC staff! The Official KCCC clock for the event will be displayed at check-in so every team can synchronize watches.
- Each team is solely responsible for placing their chip/boat number on the numbered check-in board at the weigh-in location **prior** to the official check-in deadline. Once you place your number on the board, you are officially checked-in and cannot be counted as late. There is no grace period after the official check-in deadline. **If your team's chip/boat number is not on the board prior to the check-in deadline of 12:30 p.m. for Flight #1, and 1:00 p.m. for Flight #2 your team will not be allowed to weigh in. No exceptions.**

- **Missouri State rules will apply (for both boating and legal fish). Citations can be handed out on site by Missouri Conservation Agents for failure to keep fish separate and too many fish. Anglers must also have the proper fishing permits if you're from Kansas you can either purchase a non-resident fishing permit or a daily permit. Same goes for resident anglers they can either purchase a resident permit or a daily permit. To purchase a license, call 1-800-392-4115 or visit [MO Department of Conservation](#). Licenses cannot be purchased at Camp Branch Marina.**
- **Winners will be determined by the TOTAL weight of their 6 legal LARGE MOUTH bass and 15 legal CRAPPIE, per individual. MDC regulations at Smithville Lake in Clay County will allow anglers to keep a daily limit of 30 crappie, but no more than 15 crappie harvested can be greater than 9 inches in total length. With that said, KCCC still has a 15 crappie limit per angler.**
- **(A legal bass is defined as any LARGE MOUTH bass over 15" - No White Bass, Small Mouth, or Hybrids. THERE IS NO MINIMUM LENGTH LIMIT FOR EITHER WHITE OR BLACK CRAPPIE.**
- **Any illegal fish brought to the scale will result in disqualification of your team from the tournament. No participation points will be given.**
- **Participants will compete against companies within their own division.**
