FROM THE PRESIDENT

As President of the Board of Directors, I would like to be the first to welcome you to the 47th season of the Kansas City Corporate Challenge!

As many of you know, since the inception of the games in 1980, the Kansas City Corporate Challenge has strived to promote health and wellness across the community as well as networking between the hundreds of companies that have participated in the games. Because of you, the Kansas City Corporate Challenge has been recognized as the largest and oldest games in the country.

As with all things in life, we are only as strong as the support systems we have around us; the Kansas City Corporate Challenge is no different. The games do not happen without the support of all the amazing people involved on so many different levels. Thank you to our presenting sponsor, PNC Bank, and the many companies who make it possible to keep the games going every year. It is due to these generous sponsorships that we are able to keep our relationships with the vendors and venues that we rely on year in and year out to house our events, give out medals and awards, and supply volunteer t-shirts and all of the various items needed to make sure we are providing the best possible experience we can. We will never be able to thank you enough for all that your sponsorships allow us to do!

The support does not stop with the sponsorships; the countless people that donate their time and energy to the games every year is something that has honestly always had me in awe. There is a passion for these games, and we see that in every company coordinator, volunteer, ambassador, and board member that selflessly gives their time to ensure that the games go off with out a hitch. I have had the honor to work with and meet so many amazing people over the years that share a love and a passion for the games. I know this passion not only inspires me, but so many others to keep competing, volunteering, and encouraging others to be their best in all they do.

For me, my favorite thing about the games is seeing the joy on the faces of people who come out and compete. Whether they hit a PR on the bench press or hit the target once out of every arrow during archery, the personal victories that happen at every event are what make the games special to everyone involved. I will paraphrase a statement that was shared with me at the end of a season by fellow board member, Rebecca Earp: although we are at the end of another season, many new memories were made, and this is what the games are all about. The best part of a season ending is that we get to kick off a new one.

On behalf of the Board of Directors and Ambassadors, we look forward to seeing old friends and making new ones in the 2026 season of the Kansas City Corporate Challenge.

Ace Sims
President, Board of Directors

KCCC FALL SERIES

Interested in more Games after the season is over? The Fall Series is a mini challenge over the course of 3 weeks in September and includes events like a 5K, Cornhole, Adventure Race, Pickleball, Sand Volleyball, Horseshoes, Bowling, and Basketball Skills Competition. This event is a relaxed version of the Games and participants do not need to be employees, so friends and family are allowed to compete. **The fee is \$1,500 and a maximum of 30 teams allowed.**
